The Shooting

Driven Pheasant Shooting:

Many of the estates we are shooting have been shot regularly by marshal Tito the former president of Ex-Yugoslavia... They offer all kind of drives and landscapes, from rolling hills to forests or fields. We have some good areas for advanced and experienced guns as well as some areas for beginners of teams looking for big bags.

Driven Duck Hunting:

This hunt is conducted on smaller rivers, ponds and small lakes left and right of the Danube. The Ducks are lifted by beaters and dogs. We are hunting 4-5 different areas per day.

Wild Duck & Geese Shooting:

This is a challenging hunt on really wild birds, migrating from Northern Europe and Eastern Siberia. Morning and Evening flights. Hides are placed on the water for duck hunting or in comfortable ground holes for goose hunting. Sometimes you are also shooting from boats. You are hunting Marches, Channels and Swamps around Danube as well edges of the fields where the birds are feeding.
