WELCOME TO THE WATERFOWL HEAVEN OF CANADA

Located in the north & south of Saskatoon, where most waterfowl start their migration, we can benefit from an abundance of fresh, less pressured birds that are hungry to feed in the dry, recently cut grain fields. This makes our waterfowl hunting areas better than anywhere else.

Saskatchewan waterfowl hunting has been described as “tornados of ducks” with many of our experienced costumers saying this is the “most birds I ´ve ever seen.”

We are specialized in providing full service, guided waterfowl hunts, targeting Sandhill Cranes - Big Canada Geese - Lesser Canada Geese - Lesser Snow Geese – Ross Snow Geese – Mallards – Pintails – Teal - Wigeon and Gadwell Ducks. Our guides set up full field set ups twice a day to make sure that you don ´t miss an opportunity. We have a bag limit per hunter / day: 20 Snow Geese - 8 Canada Geese - 8 Ducks and 5 Cranes.

We are staying at a great Lodge with single room and attached bathroom near Saskatoonn and our chef provides home cooked delicious meals and makes sure you are not leaving hungry.
